Safety Charter Subcontractor covering letter.docx

1<sup>st</sup> December 2014

Dear Sirs,

### **LEIA Sub-contractor's Safety Charter**

You may be aware that LEIA have published a Safety Charter covering the three most serious hazards in lift work. We have now introduced the Sub-contractor's Safety Charter, to push the safety message to colleagues who are working for members of LEIA.

To support the Charter there are three Safety Training Presentations available free to download from the LEIA website: [www.leia.co.uk](http://www.leia.co.uk)

- Electricity
- Falls and Falling Objects
- Control of Moving Masses

The Subcontractor's Safety Charter can also be downloaded from this website, by the LEIA Member.

Would you please confirm the following (by return to the LEIA Member main contractor):

1. You have signed the LEIA Subcontractor's Safety Charter and returned a copy to the LEIA Member.
2. You have downloaded and delivered the three Safety Training Presentations to all staff undertaking work for the LEIA Member main contractor.
3. You have available all the safety equipment described in the presentations and have issued it to all staff undertaking work for the LEIA Member main contractor.

Thank you for your co-operation.

Yours faithfully,

Lawrence Dooley  
Safety and Training Manager  
LEIA
